Más información

Land near Santanyí. Access is via a quiet paved road and is easily accessible by bike (the church square is approximately 1,500 meters away). A project is in progress for a 232 m2 house, although it can be expanded to 515 m2. The property already has electricity and water connections. The housing is for a two-story house with four bedrooms, a pool, and terraces. The entire property is enclosed by a traditional stone wall. Electricity is available at the foot of the property.
